

THE OBJECTIVE: Fund and develop a new synthetic turf field in Foxboro by **Spring, 2010** to be used by youth and high school sports. Field turf looks like grass, feels like grass, plays like grass, and is easier and less expensive to maintain than real grass. Approximately 750 to 800 new turf fields will be installed this year in the US (many in MA).

PROJECT COST: Estimate for a new multi-purpose turf field: \$1.0 million.

MAKE A DIFFERENCE!!! Join our team and contribute now to **Friends of Foxboro Turf Field Project**. We need YOUR support! You may choose an outright donation or pledge an amount to be given over 2 years. Friends of Foxboro Turf Field Project is a 501 (c) (3) organization. Donations made to the project qualify for a charitable deduction on your income taxes and, in many cases, matching donations from your employer. Choose a Key Donor level below:
